

Educational Advocacy Associates, LLC now serving Atlanta

Educational Advocacy Associates, LLC is now serving the greater metro Atlanta area. We believe that all students are to be given the opportunity to receive an education, for some that may be a GED or high school diploma; while for others, that may be a degree from a technical or traditional college. We believe in advocating for the best education for all students. If we can assist you in any of the above mentioned areas or if you have any questions, please contact us immediately to serve your legal educational needs.
